

FIREY TRAILS TULSA AREA MAP

A Couple Of Things to Make Note Of...61st dead ends just east of our Firey Trails turn-in and winds to become 71st. Mapquest and some GPS units do not recognize this and direct people from Highway 97 on 61st (which goes only as far west as 161st.) Taking 71st from Highway 97 is a direct route, but these "back roads" are not well marked at times and the winding part in between is still a narrow dirt road (which is muddy when it rains). Busses should definitely go via 41st because a bus cannot turn into our FT driveway from the dirt road curve. **ALTHOUGH THE BACK ROADS ARE MAPPED FOR YOU, WE STRESS TO TAKE THE WELL MARKED OTHER ROUTE AND FOLLOW THE SIGNS. THANK YOU.**
